

Sample Prayer: PESACH (Passover)

Our Father, we praise Your name and give You glory for this appointed time that You have set aside for Your children. We thank You Lord that when Abram believed, You counted it as righteousness and an entire nation of people became Your own. We thank You Father that equally, when we believed in our hearts and confessed with our mouths that Jesus died for us and is our savior, we too have become Your people. We freely choose to dive deeper into relationship with You by spending time with You so we can be Your friends and see You face-to-face as Moses did. We lay down our lives, so we can gain the Life You have for us and then become Your children. We do this daily and yield to Your will being done in our lives and so mature into the adults You created us to be. As adult sons and daughters of God, we accept Jesus' proposal to become His bride as a unified body in the Holy City of the New Jerusalem that is coming. We give You glory for all that You have done.

Father, we choose to rehearse this exodus of Your people from slavery to the fulfillment of our covenant together. We embrace our calling and receive the Blood of Jesus that we are passed over from Your coming Justice that must be released to the earth. We are forgiven by You, purified, redeemed, and restored back to You, that the shaking of the world that is coming will not harm us or our children. The memory of our sins is erased from creation and we are all set free. We ask You Lord to reveal the Truth to the world, even through Justice, which is the mercy that comes before judgement. We ask You to fulfill Your covenants with us that we may become all that we were created to be, and as Jesus before us, that we might bring Light to the lost that they can see and freely choose Your Truth. We lay our lives at Your feet. We trust You and choose to believe and to choose Love, even when it costs us everything. You are the Lord God, most high, amen.
