

Sample Prayer: INTEGRATION OF THE BABY BOOMER SPLINTERS

Our Father, we forgive the part of the soul of this generation that was wounded when we were traumatized as children when our parents did not bond with us because they were either away, or emotionally distant. We forgive that part that has learned to create and to solve problems our way because we did not have complete access to our spirits seated in Heavenly places. We forgive the part that feels isolated and has withdrawn. We forgive the part that withholds intimacy and resources, manipulating to get what we want. We forgive the part that resents, is jealous, and judgmental of other generations who have intimacy with You Father. We wash these parts with the Blood of Jesus.

Each one is now purified and redeemed, and we are now restored back to the children of God that we were created to be, whole, complete, unified, integrated, and healed. We hurl down the accuser.

Our Father, as a whole and complete generation of the bride, we freely choose to repent of being our own source, of isolating ourselves, withdrawing, withholding intimacy and resources, manipulating, and controlling ourselves and others to get what we want. We repent of resentment, jealousy, and judgments. We receive the Blood of Jesus and we are now forgiven.

As You have forgiven us, we choose to forgive our parents for not bonding with us. We wash their feet with the Blood of Jesus and we are all purified, redeemed, and restored back to You. We hurl down the accuser and the memory of these sins is erased from the matter of creation. We call our intake valves in our souls from Heaven to earth fully open so we can receive all that You have for us, Father. Our generation is free.

Father, we declare the covenant that You have with our generation as gatekeepers who are trusted to receive and distribute resources of the Kingdom. We speak life into our covenant of intimacy that we can see you, hear you, and know you better than we ever have before. That we can dive deeper and deeper, tapping fully into Your heart. We will receive much about who You are as a free gift. And as we have freely received, we choose to freely give all that You show us to the rest of the bride. Nothing will be held back. We are released in the fullness of Love. In Jesus name we pray, amen.
